RE: Action Item for June 6, 2018 AEBG Public Meeting:  
Addendum to AEBG Quarterly Report of Program Deliverables

---

The AEBG Coordinator notifies and reminds program leaders 30 days and 14 days prior to their deadline to report to the public and the Consortium. In addition, every program leader is provided a reporting deadline calendar upon award of funding.

Program leads who demonstrate a pattern of missing deadlines and a general lack of respect for AEBG Consortium processes risk termination of funding and reallocation of unspent funds to other programs with a demonstrated need.

It is wholly within the Consortium's discretion to terminate and reallocate funds.
